This 1969-70 version of the North Stars' Story is the third — and, the editors hope, the most informative and interesting — published by Minnesota's National Hockey League team.

Its purpose is two-fold:

1. To provide information so that members of the press, radio and television are able more easily to report the activities of the North Stars.

2. To provide that same information combined with interesting photos and photo layouts to the members of the public who purchase the North Stars' Story.

It is the sincere hope of the editors that both of these purposes have been fulfilled.

LOOKING AT 1969-70

The Trend Is Up

Though all hands, from General Manager-Coach Wren Blair on down, expect the National Hockey League's West Division to be an even tougher test in 1969-70, the trend is up for the Minnesota North Stars.

That direction is where Blair plans to point the North Stars this season.

The team finished fifth in 1968-69 after coming a whisker from entering the Stanley Cup final in 1967-68. It's Minnesota's goal to move back into playoff country.

The makings of that kind of finish are there after a summer that saw Blair strengthen the club in most departments and he assured his holdovers that he expected prime performance from them this year.

If you have to describe the change in the Minnesota club in two words, those words would read: "younger, tougher."

The North Stars go into their third season sporting the youngest lineup in the National League, a roster that averages just a shade over 26 years of age.

Examples of Minnesota's sunny side of the generation gap include: NHL rookie of the year Danny Grant, 23; hard-bitten defenseman Barry Gibbs, 21; goalie Fern Rivard, 23; center Walt McKechnie, 22; center Danny O'Shea, 24 and at least a half dozen others.

Tougher? By deal and by draft Blair came up with three players who led their respective leagues in penalty minutes, usually a good indication of hard-hitting play.

Overall, the club is a blend of such new faces as winger Tommy Williams, Gibbs, center Charlie Burns, defenseman John Miszuk and winger Bob Barlow with such 1968-69 standouts as Grant, O'Shea, winger Claude Larose, goalie Cesare Maniago, center Ray Cullen and winger J. P. Parise.

It is this blend of old and new under Blair's leadership that gives followers of the North Stars high hopes that their heroes will once again be in the thick of the action when Stanley Cup times rolls around in April.

An epic moment in North Stars' history occurred late last April when NHL President Clarence Campbell awarded the Calder Trophy to Danny Grant, first West player ever to win a regular-season award.

WALTER BUSH, JR.

President

Hockey is not a hobby for Walter Bush, Jr. The 40-year-old native Minnesotan is full-time working president of the North Stars. The Twin Cities attorney, a graduate of Dartmouth and the University of Minnesota Law School, has the experience for the position. His background includes hockey at every level, from prep school to the birth of the North Stars, an event he played a large role in bringing about. An activist by nature, he handles the day by day direction of the entire North Stars' operation. Bush, his wife, Mary, and their three children—two boys and a girl—make their home in Edina.

WREN BLAIR

General Manager-Coach

When the West Division was born, there were six coaches in command. Only one leads the same squad two years later. That's Wren Blair, who not only coaches, but also manages the North Stars. That means a huge volume of work for the 44-year-old who has spent half his life in hockey's executive ranks. But the man who became Minnesota general manager in 1966 and built the team from the ground up thrives on hard work and excitement, the same qualities that are trademarks of his teams. Blair, his wife, Elma, and their son and daughter live in Edina and summer in Halburton, Ont.

Assistant to the General Manager

**JOHN
MARIUCCI**

Wren Blair confesses that if it was not for John Mariucci, Blair would find it difficult to function during hockey season. The Old Roman, one of the last great American hockey players to emerge from Minnesota's Iron Range, assists the North Stars' general manager and coach in every aspect of his job. The former University of Minnesota hockey player and coach, 53, brings a wealth of experience—14 years as Gopher coach, five seasons in a Chicago uniform, nine years as a professional—to a position he's held since 1967.

PLAYER DEVELOPMENT

HAROLD COTTON

Director of Field Operations

Harold (Baldy) Cotton is the man in charge of the North Stars' future. As director of field operations, the long-time Boston employee and former NHL star in his own right oversees the entire effort of the organization to recognize budding talent and to land it when draft time arrives. Cotton was hired during the 1967-68 season in what Wren Blair ranks as one of the North Stars' most important moves.

TED O'CONNOR

Chief Scout

Before the North Stars put a player on the ice, Ted O'Connor was on the job. Minnesota's chief scout, a gifted professional and senior amateur hockey player a few years ago, helped build the first North Stars' squad and continues in that role as he logs many thousands of miles traveling North America in search of talent.

GERALD BLAIR

Chief Eastern Canada Scout

The greatest share of young potential National Hockey League players on the continent can be found in the Ontario Hockey Association. That's also where you'll find Gerry Blair most of the time each winter. Although Blair occasionally will scout in other areas, his basic responsibility is the OHA where NHL stars of the future are located.

JOHN MUCKLER

Iowa General Manager

Although John Muckler is only 35 years old, the Iowans' general manager comes to Waterloo with a wealth of background in hockey's executive ranks. Muckler has managed and coached in the National, Central and Eastern leagues. During the past two seasons he divided his time between Minnesota and Memphis, serving as both general manager and coach at Memphis and coach at Minnesota. Muckler, his wife, Audrey, and their three children make their home in Waterloo.

PARKER MACDONALD

Iowa Coach

A distinguished, 15-year career as a National Hockey League player was ended after last season when it was announced that Parker MacDonald had played his final game and would lead Iowa from the bench. The 36-year-old native of Nova Scotia scored 144 goals while serving since 1953 in the Toronto, New York, Detroit Boston and Minnesota organizations. MacDonald broke into coaching last season when he was named playing coach of the Memphis club that preceded Iowa in the CHL.

LEFT WING

BOB BARLOW

Height: 5'10" — Weight: 175 lbs.

Age: 34 (June 17, 1935)

Born: Hamilton, Ont.

Home: Victoria, B.C.

Right Handed, Shoots Left

After a good many years as one of the most prolific goalscorers in hockey's minor leagues, Bob Barlow this season has a chance to display his inborn talent for putting the puck in the net on the National League stage. The talkative winger, obtained by Minnesota from Vancouver during last summer's Inter-League draft, has scored 30 or more goals in six of the last seven years, 40 or more three times in that same span. Wren Blair feels that these credentials make Barlow a strong candidate to prop up the North Stars' left wing corps and to add zing to the team's attack . . . Has spent his entire career in the WHL and AHL. Led the WHL with 47 goals at Seattle in 1962-63 and topped the league in playoffs goals with 10 at Victoria in 1965-66 . . . Captained Vancouver's WHL champs last winter and ranks the Canucks' march to the title as his greatest hockey thrill . . . Operates a rug-cleaning service on Vancouver Island . . . His father and older brother were outstanding hockey players . . . Has known Blair since he played against his Whitby team in Allan Cup action . . . Barlow and his wife, Marilyn, a former professional figure skater, are the parents of three girls, ages 10, 9 and 1.

DEFENSE

LEO BOIVIN (BOY-vun)

Height: 5'7" — Weight 185 lbs.
Age: 37 (Aug. 2, 1932)
Born: Prescott, Ont.
Home: Prescott, Ont.
Right Handed, Shoots Left

Leo Boivin is the oldest of the North Stars in terms of age (37 years) and in terms of service in the National League (this is his 17th season), but Leo the Lion is one of the youngest Minnesotans in terms of outlook. Each game still is an adventure to the sturdy rearguard who maintains his reputation as one of the most solid hitters in the sport. Acquired in a trade with Pittsburgh last season, Boivin made a great deal of difference in hockey sense and puck-carrying ability on the Minnesota defense... Has played only one season, his first, in the minors during 18 years as a professional.

GOALTENDER

KEN BRODERICK

Height: 5'10" — Weight: 170 lbs.
 Age: 27 (Feb. 16, 1942)
 Born: Toronto, Ont.
 Home: Etobicoke, Ont.
 Left Handed, Shoots Right

Ken Broderick played with distinction in his first year of professional hockey and this year ranks among the top two or three goalkeepers in the North Stars' system. You could call last season a test of the ability of Broderick to make the transition from 12 years of junior and international hockey to the professional sport. This young schoolteacher passed the test. Broderick played nearly half of Phoenix's total games in goal and wound up the season with two shutouts and a 3.62 average for a team that dwelled in the lower reaches of the Western League. With strength and maturity on his side, he's a strong candidate for the Minnesota nets. Broderick's best performance in a North Stars uniform came in a pre-season game last fall against Chicago when the 1968 Olympic All-Star goalie held the Hawks scoreless in a hectic third period and preserved a Minnesota victory ... Played in two Olympics and for three Canadian National teams ... Purchased by Minnesota from Toronto in the summer of 1967 ... Was graduated from the University of British Columbia in 1966 with a bachelor's degree in physical education. Was named outstanding athlete of the UBC graduating class ... Played two seasons of junior under famed goalie Turk Broda ... Broderick and his wife Carol are the parents of a daughter, 1.

CENTER

CHARLIE BURNS

Height: 5'11" — Weight: 170 lbs.
 Age: 33 (Feb. 14, 1936)
 Born: Detroit, Mich.
 Home: Alameda, Calif.
 Right Handed, Shoots Left

The reunion of Charlie Burns and Wren Blair brings back memories of one of Canada's finest athletic hours. Blair was manager and coach and Burns was star center of the Whitby team in 1958 when the Dunlops won Canada's last world amateur hockey title. They're together again as the result of Blair's decision to draft Burns from Pittsburgh last June. "I think Charlie will do a great deal for this hockey team," says Blair. "He's smart, he's versatile and he's one of the best penalty killers in the game." Charlie comes on strong in scoring, too. He was Pittsburgh's No. 2 scorer with 51 points and led the Penguins with 38 assists. Burns is one player who knows the ropes on both sides of the bench. He was playing coach of the Western League San Francisco Seals for a season and a half and ranks as the most popular player ever to perform in the Bay area . . . Wears a metal plate in his head as the result of a skull fracture suffered in 1954 .

RIGHT WING

BILL COLLINS

Height: 6'0" — Weight: 178 lbs.

Age: 26 (July 13, 1943)

Born: Ottawa, Ont.

Home: Bloomington, Minn.

Right Handed, Shoots Right

Once again the North Stars rank high in the National League in penalty skating. One of the chief reasons for that ranking is Billy Collins, by any standard of measurement one of the best penalty skaters in the NHL. Collins' No. 1 asset as a penalty killer is his skating ability. Even if he is beaten deep in his zone, he can make up the difference in skating. Collins also serves as the North Stars' defensive specialist. He draws the assignment when Minnesota wants Bobby Hull or Gordie Howe or another of the NHL's super stars shadowed. Collins has been especially effective in keeping Hull under control in Minnesota-Chicago confrontations. He also took a regular turn at right wing during the latter half of last season ... Holds, with Parker MacDonald, the team record for the fastest two goals — in 20 seconds ... One of three North Stars to score shorthanded goals in 1968-69 ... Moved last summer to the Twin Cities where he makes his full-time home and works in a men's clothing store during the off-season ... Has played in all four professional leagues — NHL, AHL, CHL, WHL ... Is the youngest of a family of six, one brother and four sisters ... Came to Minnesota in the 1967 expansion draft when he was drafted 14th from New York ... Wears contact lenses ... Bill and his wife, Carol are the parents of a two-year-old daughter.

CENTER

RAY CULLEN

Height: 5'11" — Weight: 180 lbs.

Age: 28 (Sept. 20, 1941)

Born: Ottawa, Ont.

Home: Niagara-on-the-Lake, Ont.

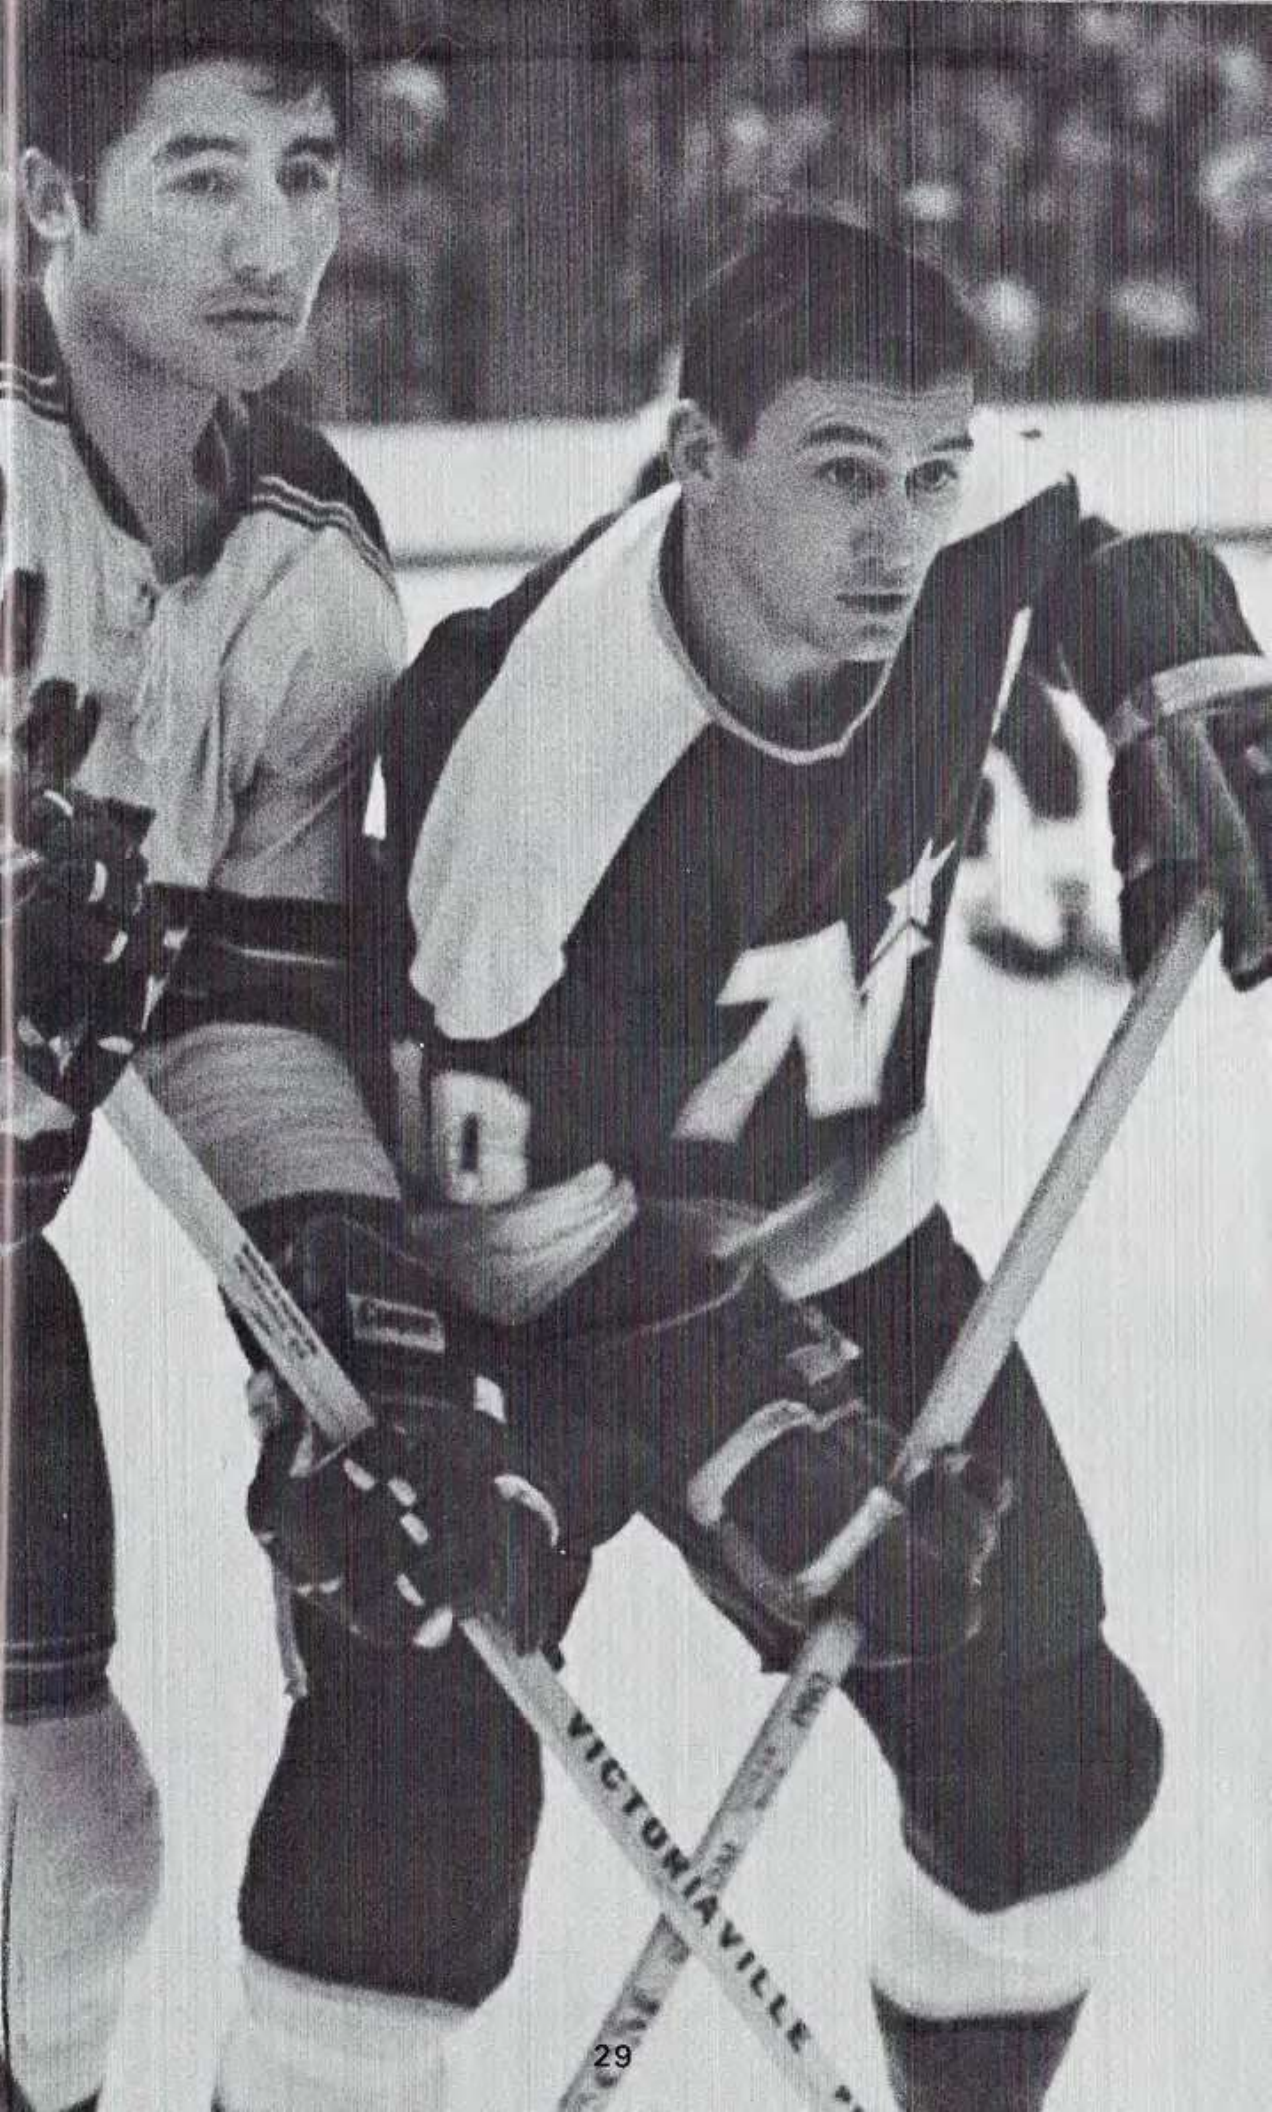

Right Handed, Shoots Right

Who has been the most consistent North Star in the two-year history of the team? Ray Cullen without a doubt. The man his teammates call Cully scored 28 goals and 53 points in his first season; 26 goals and 64 points in his second season. Cullen also was consistent in a department he'd just as soon forget — he suffered a hairline fracture of his right ankle midway through both of those seasons. He now wears a special protective device on that skate. The accuracy of Cullen's shooting also shows a pattern of consistency. He converted 13.8 per cent of his shots in 1967-68 to lead the team and 13.4 per cent last season to finish second only to Danny Grant among the regulars. Cullen is proof that overwhelming speed is not the only ingredient for success in the NHL. Only an average skater, he has parlayed intelligence, agility and splendid timing into a ranking as one of the top scorers in the West . . . One of the North Stars' expansion draft choices, Cullen was taken from Detroit in 1967 as Minnesota's No. 2 selection . . . The youngest of three hockey-playing brothers . . . Serves as the team's player representative . . . Ray and his wife, Jacqueline, are the parents of five boys, aged 6, 5, 3, and 2 and the latest a newly-born.

DEFENSE

BARRY GIBBS

Height: 5'10" — Weight: 195 lbs.
 Age: 21 (Sept. 28, 1948)
 Born: Lloydminster, Sask.
 Home: Calgary, Alta.
 Right Handed, Shoots Right

The North Stars' two-year search for a bruising defenseman apparently ended when the team acquired Barry Gibbs from the Boston organization in a trade made after last season. Gibbs' record makes it plain enough that he's a hitter. The youngster led the Central League in penalties with 194 minutes amassed in only 55 games at Oklahoma City last season. Then he piled up 53 more minutes in the playoffs. Did this time off the ice diminish Gibbs' effectiveness? The CHL coaches didn't think so. They voted Gibbs the league's Most Valuable Defenseman and picked him on the CHL All-Star team . . . Barry turned professional at the tender age of 20 . . . Comes from a family of seven, four boys and three girls . . . Spent last summer as a hockey school instructor . . . Came up through the Boston organization where he played three seasons of Junior A hockey at Estevan, Sask . . . Ranks Boston's Bobby Orr as the best he's ever seen or played with while Chicago's Bobby Hull is the best he's played against . . . His favorite recreation is golf . . . Barry and his wife, Sherron, were married in May of 1968 and this September became the parents of a boy.

RIGHT WING

BILL (GOLDY) GOLDSWORTHY

Height: 6'0" — Weight: 193 lbs.

Age: 25 (Aug. 24, 1944)

Born: Kitchener, Ont.

Home: Haliburton, Ont.

Right Handed, Shoots Right

Bill Goldsworthy mounted the comeback of the year among the North Stars last season. After a slow start he was sent down to what then was Minnesota's development team in Memphis. The muscular right winger responded with four fast goals and was back up with the big team, quick as a wink. He spent the rest of the season toiling in a regular right side slot. Certainly one of the most colorful North Stars, Goldy backs up his color with muscle. He established a team record for penalty minutes last season when he logged 108 minutes. Goldsworthy's finest hour was the 1968 Stanley Cup playoffs when he led the entire NHL in scoring with 15 points on eight goals and seven assists . . . One of the North Stars' original expansion draft choices, he was chosen No. 9 from the Boston roster . . . Works during the off-season at the summer hockey camp owned by General Manager Wren Blair . . . Played junior hockey for the 1964 Memorial Cup champion Niagara Falls team . . . Goldy and his wife June are the parents of a girl, born during the 1968 training camp. Bill learned of the birth when he was called off the ice during a pre-season contest.

LEFT WING

DANNY GRANT

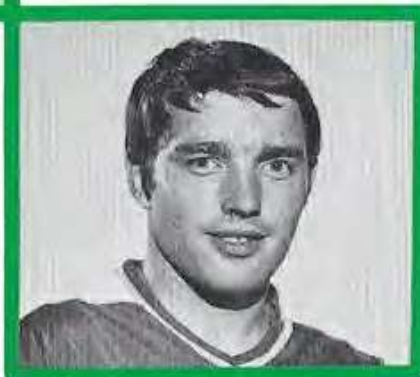

Height: 5'10" — Weight: 185 lbs.

Age: 23 (Feb. 21, 1946)

Born: Fredricton, N.B.

Home: Fredricton, N.B.

Right Handed, Shoots Left

Danny Grant made history in the National Hockey League last season when he became the first West Division player to win one of the NHL's regular-season awards — the Calder Trophy awarded to the best rookie in the league. Impressive as that was, the credentials the slope-shouldered left winger used to win the award were even more outstanding. Grant scored 34 goals to break the NHL modern-era record for rookies set by Bernie Geoffrion in 1951-52 and to tie the all-time mark set by Nels Stewart in 1925-26. His 65 points set an all-time standard for rookies, bettering by three the mark set in 1943-44 by Gus Bodnar. He led the league with 11 all-important first goals of games. Needless to say, Grant spearheaded the North Stars in most offensive departments — goals (34), points (65), shooting percentage (18.0, fifth best in the NHL), game-winning (4) and game-tying (9) goals. It was quite a year for the young man from New Brunswick, a season that both Grant and the organization hope he'll repeat or better ... Grant was obtained by Minnesota from Montreal in June, 1968 in the same trade that brought linemate Claude Larose to Minnesota ... He's lavish in his praise of the help given him by Larose and Danny O'Shea last season ... Was given a handsome outboard craft named Miss North Star by the citizens of Fredricton after winning the Calder ... Enjoys salmon and trout fishing and water skiing ... Married in 1968. Wife's name is Linda.

JOEY JOHNSTON

Height: 5'10" — Weight: 175 lbs.

Age: 20 (March 3, 1949)

Born: Peterborough, Ont.

Home: Peterborough, Ont.

Right Handed, Shoots Left

Still not old enough to vote, Joey Johnston has two years of professional hockey behind him and looms as one of the best young prospects in the North Stars' organization. Obtained from New York in a June, 1968 trade, Joey spent most of last season in the Central League, but was promoted to the North Stars by Wren Blair late in the year. Johnston responded with his first NHL goal in the team's final contest of the season. He is a good skater, a strong shot and has averaged well over 100 minutes in penalties in two seasons. It's all there in terms of ability and Blair feels that time and experience will make Johnston an outstanding National Leaguer . . . Johnston averaged 22-plus goals a season as a professional while still in his teens . . . Started late in organized hockey at the age of 10, but has shown remarkable progress in 10 seasons . . . Played junior hockey on the same team as North Stars Calder Trophy winner Danny Grant . . . Was a standout middle distance runner and shot putter at St. Pete's High School in Peterborough . . . Johnston depleted the ranks of the North Stars' bachelors last summer when he was married. His wife's name is Patricia.

CLAUDE LAROSE

Height: 6'0" — Weight: 172 lbs.
 Age: 27 (March 2, 1942)
 Born: Hearst, Ont.
 Home: Hull, Que.
 Right Handed, Shoots Right

Coach Billy Reay of Chicago was of two minds last winter when he assessed Claude Larose. "He's the best right wing in the West Division," said Reay. Then he corrected himself. "He's the best player in the West Division." Larose's Minnesota teammates were of the same mind. They voted him the Bill Masterton Cup awarded to the North Star named most valuable by his teammates. What's more, Larose was selected as No. 1 West right wing for the NHL East-West game and was voted to the Sporting News West second All-Star team by his peers in the division. What makes Larose go? A vast amount of drive which expresses itself in hard-working, two-way hockey and the knack for scoring when his team needs it. Claude led the North Stars' regulars in what the NHL calls "important goals," goals that have a bearing on the outcome. Of his 25 goals, 84 per cent were rated "important." He also led the team with 8 goals that gave Minnesota leads and showed his love of combat by piling up 106 minutes in penalties... Last season, his seventh as a pro, was his best... Came to Minnesota from Montreal in the summer of 1968 in the same trade that brought linemate Danny Grant to the North Stars... Married. Claude and his wife, Louise, are the parents of a son, 2 and a daughter born last season.

 Right Handed, Shoots Right

If hockey were auto racing, Danny Lawson would fill the shoes of Mario Andretti. This second-year professional has speed to burn, speed that leaves his foes huffing and puffing. Lawson, obtained by the North Stars in a mid-season deal with Detroit, began as the season wore on to better utilize his skating ability as he made the difficult jump from the Junior A Ontario Hockey Association to the National League. The broad-shouldered winger didn't shoot often, but he nailed 3 of 13 attempts for a 23.1 percentage, best of anyone in a Minnesota uniform. Wren Blair feels that the inherent talent present in Lawson insures the youngster of a bright future ... Lawson was one of the few players last season to successfully graduate from the OHA into the NHL ... He played junior hockey at Hamilton, Ont., where in 1967-68 he established a team record by scoring 52 goals in one season, a 54-game season at that ... Has worked at a variety of jobs in the off-season, including real estate sales and plastering ... Scored a breakaway goal on Montreal's Gump Worsley in his very first National League game ... Was a defenseman for three seasons as a youngster ... Ranks Gordie Howe as the best he's ever played with or against ... Danny was married in 1968. His wife's name is Huguette. Their first child was born in September.

GOALTENDER

CESARE MANIAGO (Mahn-ee-AH-go)

Height: 6'3" — Weight: 182 lbs.

Age: 30 (Jan. 13, 1939)

Born: Trail, B.C.

Home: North Burnaby, B.C.

Right Handed, Shoots Right

Cesare Maniago has been the backbone of Minnesota's goalkeeping during the first two years of the North Stars' existence and the odds are that he'll anchor the goaltending crew again. He was the most active goalie in the West Division last season when he played 64 games and second only to New York's Ed Giacomin in the entire league. Maniago uses his size to good advantage in goal, but his most effective move is when he gives an opponent the short side, then makes the save with his trailing leg. Has recorded seven shutouts in his two North Stars season and in 1967-68 was the first goalie in 12 years to ring up three goose-eggs in a row... Maniago was the very first North Star chosen in the June, 1967 expansion draft when Minnesota selected him from New York... Works as a masonry estimator in Vancouver, B.C., during the off-season... Until Oakland's 6-4 Gary Smith broke into the league, Maniago was the tallest goalie in the NHL... Played junior hockey at St. Michael's College.

CENTER

WALT MCKECHNIE (mc-KECK-nee)

Height: 6'2" — Weight: 195 lbs.

Age: 22 (June 19, 1947)

Born: London, Ont.

Home: London, Ont.

Right Handed, Shoots Left

Tall Walt McKechnie played his first full season in the National League last year and the experience he amassed should stand him in good stead in his second season. The former Western League rookie of the year — in 1967-68 at Phoenix — comes equipped with the physical tools for the job and Wren Blair feels that a little swifter getaway in skating will move him into the front rank of North Stars forwards. Once McKechnie gets up a head of steam, he's one of the most difficult players on the team to stop. Walt uses his size to good advantage and last year emerged as one of the most punishing checkers among Minnesota forwards ... Acquired by Minnesota in a trade with Phoenix, he came up through the Toronto organization ... First broke in with the North Stars in the 1968 Stanley Cup playoffs when his seventh game goal against St. Louis nearly put Minnesota in the final round ... His Junior coach at London, Ont., was the famed Turk Broda ... Played quarterback in high school football and enjoys golf and water skiing, but really shines in pool ... McKechnie is one of three North Stars bachelors who walked the aisle last summer. His wife's name is Carol.

JOHN MISZUK (MIZZ-uk)

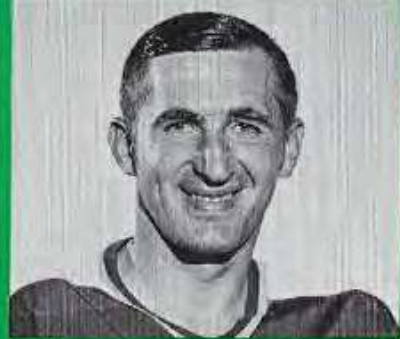

Height: 6'2" — Weight: 200 lbs.

Age: 30 (Sept. 29, 1940)

Born: Naliboki, Poland

Lives: Hamilton, Ont.

Right Handed, Shoots Left

When Wren Blair began to overhaul the North Stars' defense in preparation for the 1969-70 National Hockey League season, one of the first moves he made was to acquire tall John Miszuk in a trade with Philadelphia. Miszuk brings to the Minnesota club not only size and solid hitting, but also experience — a quality which stands any rearguard in good stead. An all-star in both the American and Central leagues, he has three seasons of NHL experience behind him and should add steadiness to the North Stars' relatively young defensive brigade... There's another item on Miszuk's record which makes him a welcome addition to the North Stars. He's never been on a team that has missed the playoffs... One of the few European-born players in the league... Miszuk is an exceptionally durable performer. Two years ago he was the only Philadelphia player to appear in every game... John and his wife, Cora-Jean, are the parents of two girls and a boy.

LOU NANNE (Nanny)

Height: 6'0" — Weight: 185 lbs.
Age: 28 (June 2, 1941)
Born: Sault Ste. Marie, Ont.
Home: Edina, Minn.
Right Handed, Shoots Right

Lou Nanne joined the National Hockey League last season at what was somewhat of an advanced age for a rookie. But he proved his right to play in the NHL and by the latter portion of the season was taking a regular shift on the Minnesota defense. This feat was accomplished in spite of a knee injury that hobbled him early in the season. The University of Minnesota graduate, an All-America performer in his college days, is one of the best puck carriers among the North Stars' defensemen and is dangerous on attack from the right point. He also has the ability to recover swiftly from a mistake and the skating talent to make up lost ground . . . Was the captain of the United States Olympic team at Grenoble in 1968 . . . Born in Canada, Nanne is a naturalized U.S. citizen . . . Played on the same team in junior hockey with Boston's Hart Trophy winner, Phil Esposito . . . Works during the off-season in sales for a Twin Cities printing firm and as director of the North Stars' summer hockey school . . . Was the only defenseman ever to win the Western Collegiate Hockey Association scoring title with 15 goals and 29 assists in 1962-63 . . . Lou and his wife, Francine, are the parents of a girl, 6, twin boys, 5, and another boy, 2.

BILL ORBAN

Height: 6'0" — Weight: 175 lbs.

Age: 25 (Feb. 20, 1944)

Born: Regina, Sask.

Home: Saskatoon, Sask.

Left Handed, Shoots Left

Bill Orban was a welcome addition to the North Stars last season when he joined the club at mid-year after a five-player trade involving Minnesota and Chicago. The former speed-skating champion from Canada's Prairie provinces hasn't been a prolific scorer during his professional career, but a team needs a player who can carry the puck and who tends to his checking chores. Orban is that type of player and was impressive enough at his specialities to win Rookie of the Year honors in the Western League while playing for Los Angeles in 1965-66. He doesn't back away from trouble, either. Orban and Bill Goldsworthy engaged in a memorable battle last year when Orban and the Hawks faced the North Stars in a pre-season game . . . An electrician in the off-season . . . Fishing and hunting are his hobbies . . . When he was a youngster he placed second in the midget division of the North American speed-skating championships...Also has played football and baseball and made the provincial track team... Played junior hockey for the Saskatoon Blades . . . Orban is married. He and his wife, Vivian, are the parents of a daughter, 1.

WESTERN AIRLINES-

The way the Stars get to California.

The high-flying Minnesota North Stars, that is

Expansion has made long road trips a tough fact of life in the NHL. And the North Stars know that one way to make the grueling schedule a little easier is to travel in comfort.

To the North Stars, comfort means Western Airlines. That's why they jet Western to California.

Also because Western offers many non-stops every day from the Twin Cities to Los Angeles, San Diego, and San Francisco.

And 13 times a week, Western jets direct to Hawaii. Featuring the incomparable "Islander" service on the way. "Islander" Champagne Punch. Your choice of delicious entrees for dinner. Charming stewardesses, including an Executive Hostess. All this and much more on Western's "Islander."

One flight on "The Islander" will convince you about our service to Hawaii. As for service to California... we think it's enough to point out that when the Minnesota North Stars have a game in California, Western Airlines helps put it on ice.

CENTER

DANNY O'SHEA

Height: 6'1" — Weight: 190 lbs.

Age: 24 (June 15, 1945)

Born: Ajax, Ont.

Home: Beaverton, Ont.

Had not Danny Grant won the Calder Trophy awarded to the NHL's rookie of the year, the North Stars had a second splendid candidate in Danny O'Shea, the most glittering young centerman to break into the league last season. General Manager Wren Blair felt that O'Shea had the best chance of the younger players of making the team last year and Danny proved his assessment correct. It took O'Shea no time at all to make the adjustment from Canada's Olympic team to the NHL. Playing on a line with Grant and Claude Larose, he piled up 34 assists, more than any other first-year man in the league and led the team in "important points" with 81.6 per cent of them influencing the outcome. A strong skater and accurate passer, O'Shea hopes to improve the goalscoring percentage that brought him 15 tallies in his first season. One of his most important assets is size and strength, which he uses to good advantage around the net . . . Played junior hockey under Blair at Oshawa, Ont . . . His rights were acquired by Minnesota in a trade with Montreal . . . Tied for the team lead in game-winning goals with three . . . Drew considerable fan mail after an appearance between periods of a CBS-TV Game of the Week . . . Studied at United College in Winnipeg during his Canadian National and Olympic days and played for Canada in the 1968 Winter Olympics . . . O'Shea is single.

JEAN PAUL (J.P.) PARISE (pah-REE-see)

Height: 5'9" — Weight: 175 lbs.
Age: 27 (Dec. 11, 1941)
Born: Smooth Rock Falls, Ont.
Home: Minneapolis, Minn.
Right Handed, Shoots Left

One measure of J. P. Parise is his durability. J. P. hasn't missed a game since he arrived at Minnesota in the wake of a multi-player trade with Rochester in December of 1967. That span covers 133 regular season and Stanley Cup playoff games. Another measure is the respect he commands from teammates and opponents alike. "One of the best cornermen in the business," says Coach Wren Blair and the North Stars and their foes echo the compliment. J. P. also emerged as a potent scorer last season when he nailed 22 goals to become one of four North Stars over the 20-goal plateau. But that's not all. During the second half of the season the hard rock from Smooth Rock teamed with Billy Collins to form half of Minnesota's fine penalty-skating corps. Curiously, Parise's brand of excellence hasn't led to all-star nominations and the like, perhaps because he goes about his work quietly. But if justice is served, his time will come... Works in the North Stars' hockey school during the off-season and has spent his first summer away from Smooth Rock Falls... Probably the physically strongest of the North Stars... Shoots a good game of golf and enjoys fishing in his free time... Married. His wife's name is Margeret and they are the parents of a girl, 3, and a boy, born this past spring.

TOM POLANIC (po-LAWN-ick)

Height: 6'3" — Weight: 205 lbs.
Age: 26 (April 12, 1943)
Born: Toronto, Ont.
Home: Toronto, Ont.
Left Handed, Shoots Left

Many Minnesotans will remember Tom Polanic as the Western Collegiate Hockey Association roughneck from Michigan who used to stir up quite a commotion when the Wolverines invaded Williams Arena. Polanic is several years older now, but he hasn't changed his habits. The muscular defenseman, one of the largest of the North Stars, has used that size and his combative disposition to good advantage since he turned professional. Last season at Phoenix Polanic led the Western League in penalties with 187 minutes on his record. It was this display of hard hitting and Polanic's other defensive skills that persuaded Wren Blair to trade with Phoenix for Polanic in an effort to add sock to the North Stars' blueline corps . . . Polanic spent his high school days at St. Michael's College in Toronto before enrolling at the University of Michigan . . . Led Michigan to the NCAA championship and was named a college All-American player . . . Started hockey at the age of 12 and gives his father the most credit for his development as a player . . . Also played football in high school . . . Polanic is single.

DICK REDMOND

Height: 5'11" — Weight: 170 lbs.

Age: 20 (Aug. 14, 1949)

Born: Kirkland Lake, Ont.

Home: Peterborough, Ont.

Right Handed, Shoots Left

Dick Redmond is the finest attacking defenseman to emerge from Junior A hockey since Bobby Orr. The high-cheekboned youngster scored 33 goals and 45 assists in 44 games at St. Catharines and 6 games at Peterborough of the Ontario Hockey Association. Minnesota had no hesitation in making him its No. 1 choice in the Amateur Draft last June. Adept at moving the puck and blessed with a remarkable shot, Redmond made an excellent impression in training camp. The jump from Junior A to the National League is formidable, but Redmond has a chance to make it this season. A great deal depends on his defensive play. If it can meet NHL standards, Redmond will find a place on the North Stars' roster ... He's from a hockey family. His father, Eddie, played for Wren Blair when the North Stars' skipper led the Whitby Dunlops and nearly died in Blair's arms after a hockey mishap. His brother, Mickey, is a regular forward with the Montreal Canadiens ... Plays excellent guitar, ranging from rock to flamenco ... Worked in Blair's boys camp last summer ... Enjoys riding motorcycles and is nicknamed Dick Wheels ... Redmond is single.

DEFENSE

TOM REID

Height: 6'1" — Weight: 185 lbs.

Age: 23 (June 24, 1946)

Born: Fort Erie, Ont.

Home: Fort Erie, Ont.

Left Handed, Shoots Left

Rawboned Tom Reid became a North Star midway through last season when Minnesota dealt Mike McMahon and Andre Boudrias to Chicago for Bill Orban and Reid. The big youngster from Ontario made a fine impression in the 18 games he played for the Minnesotans and, still young for a defenseman, left the promise of even better things to come. Reid uses the body effectively and as he continues to play is bound to gain the experience that is so much part of the equipment of a National League rearguard. He has two nearly full seasons behind him in the NHL and figures soon to bloom into a first-rank blueliner... Works in his Fort Erie, Ont., home as a park administrator during the off-season... An all-round athlete, he has participated in baseball, golf, swimming, track and tennis... Made the OHA first All-Star team in his final year as a junior at St. Catharines... Still looking for his first National League goal... One of the members of the North Stars squad who still is single.

GOALTENDER

FERN RIVARD

Height: 5'9" — Weight: 187 lbs.
 Age: 23 (Jan. 18, 1946)
 Born: Grand Mere, Que.
 Home: Montreal, Que.
 Right Handed, Shoots Left

During the 1968 training camp Fern Rivard accosted General Manager Wren Blair and prophesied, "You wait and see. I'll make your team." Rivard emerged from the year as a prophet with honor for at the close of the season he was wearing a North Stars' sweater. Rivard played 29 games in the Central League, 13 for the North Stars and the young man showed Blair enough flair and potential so that the Minnesota headman is confident of a bright future for him. Far from orthodox in goal, Rivard is a hyper-active type who is up and down and all over the crease as the situation demands. Probably his best NHL game was a 4-4 tie in Montreal, but he logged two shutouts while playing in the CHL and was named Central League player of the week for a 55-stop, goose egg performance in his first week of play in the league... Drafted by Minnesota from Philadelphia in June of 1968 after an outstanding rookie year at Quebec of the AHL... Didn't play his first game in goal until he was 13 years old... He doesn't wear a mask during games, but always during practice... Rivard was married last summer. His wife's name is Ruth.

LEFT WING

DANNY SEGUIN (SEE-gwin)

Height: 5'8" — Weight: 165 lbs.
Age: 21 (June 7, 1948)
Born: Sudbury, Ont.
Home: Kitchener, Ont.
Right Handed, Shoots Left

Danny Seguin was the surprise package in the North Stars' training camp this season. The small (165-pound) youngster they call Siggie impressed one and all with his fortitude and improvement during the training sessions. Though Seguin is only two years out of junior play, he is given a chance to nail down one of the left wing positions on the North Stars' roster. Siggie turned in an excellent rookie season at the North Stars' Central Hockey League farm at Memphis where he led the South Stars in goalscoring with 25 tallies. His biggest assets are relentless work and a good shot from short range ... Comes from a family of five, three brothers and one sister. All three brothers play or have played some brand of hockey ... Was a shot putter at St. Jerome's High School in Sudbury ... Obtained by Minnesota from New York as part of a five-player trade in June, 1968 ... Played Junior A Hockey at Kitchener, Ont. ... Says the hardest skill for him in hockey is "fighting off the bigger guys ... Seguin was married last May.

DEFENSE

DARRYL SLY

Height: 5'10" — Weight: 190 lbs.
 Age: 30 (April 3, 1939)
 Born: Collingwood, Ont.
 Home: Collingwood, Ont.
 Right Handed, Shoots Right

Darryl Sly is one of the best-educated North Stars, both on the ice and academic circles. After eight years of professional play on defense, most of it in hockey's high minors, Sly seems fully prepared to step into a National League job. Wren Blair made him Minnesota's No. 1 choice in last June's Reverse Draft not only for his proficiency on defense, but also for his penalty-skating skill. It also is worth noting that championships seem to follow Sly. He was a member of Rochester's American League title team in 1968, then moved to Vancouver where he played a large role in the Canucks' 1969 Western League victory... Sly received his teaching certificate from Toronto Teachers College and earned a B.A. in English at St. John Fisher College in Rochester, N.Y. He also studied at the University of Western Ontario. He has two years of teaching experience behind him and plans to resume that career at the end of his hockey days... Served as an assistant coach last year at Vancouver... Played on one world title and one Olympic team for Canada... Capable of playing forward as well as defense... Darryl and his wife, Sylvia, are the parents of two sons, 4 and 1, and a daughter, 2.

RIGHT OR LEFT WING

TOMMY WILLIAMS

Height: 5'11" — Weight: 180 lbs.
Age: 29 (April 17, 1940)
Born: Duluth, Minn.
Home: Cottage Grove, Minn.
Right Handed, Shoots Right

You could call it The Return of the Native if literary allusions are your cup of tea. For that's what it is. The only Minnesota native in the National League, Tommy Williams, has returned to the state where he was born and reared in the art of hockey. The swift, shifty winger was obtained by the North Stars in a trade with Boston last spring and figures to add plenty of fuel to the Minnesota attack. "Tommy got 18 goals and 50 points in his last full season at Boston," says Wren Blair, "and we certainly believe he'll better that here." One of the fastest skaters in the NHL, Tommy can play either wing, his natural right side or his left or off wing, with equal facility. Williams also matured defensively during his eight years at Boston and is a better-than-average checker . . . It was Blair, then employed by Boston, who first persuaded Williams to sign a professional contract and who coached him at Kingston . . . Played on the U.S. Olympic champion team in 1960 at Squaw Valley . . . He and Doug Roberts of Oakland were the only two U.S.-trained players in the NHL last season . . . Missed most of last season because of a knee injury that has been corrected by surgery . . . Married and the father of four children, three boys aged 8, 6 and 3 and a girl, 7.

THE NORTH STARS' TRAINERS

Who's the busiest man at the Met when the North Stars are in action? There's small room for doubt that the distinction must go to Stan Waylett, trainer for Minnesota's hockey team since its birth.

Many people think of a trainer as simply a masseur. That's hardly the case in professional sport and couldn't be farther from the truth where Waylett is concerned. Equipment expert, medical assistant, launderer, skate sharpener, father confessor — Waylett is all these and much more.

The 19 years that the 56-year-old native of Toronto and off-season resident of Oshawa, Ont., have spent in association with General Manager-Coach Wren Blair make up more than half of his 32-year career in the training field.

One of the highlights of that long career came last winter when Waylett served as one of the West Division trainers in the East-West All-Star game.

Once again, Waylett will be assisted by Al Schueneman, head trainer of the Chicago Cubs. Schueneman will join the North Stars upon completion of the baseball season.

NORTH STARS RADIO and TV TEAMS

Buettel

Shaver

Harrigan

Jagoe

For the third season in succession WTCN-TV (Channel 11) and WCCO-Radio (830) will provide the sights and sounds of the North Stars in action.

WTCN-TV will carry 27 North Stars' road games and three home contests. WCCO-Radio will broadcast every contest, 38 at home and 38 on the road.

The team of Al Shaver and Larry Jagoe returns to the hockey scene on WCCO. The pair has been a fixture over the past two seasons with Shaver expertly handling play by play and Jagoe providing color commentary and interviews.

Ex-Iron Ranger Frank Buettel is back for a third season of description and interpretation as WTCN's play by play telecaster. Ed Harrigan brings his knowledge of the sport to bear on the Scoreboard Show and between-periods interviews.

GATORADE® CHALLENGES THE PEOPLE OF MINNESOTA TO A ONE MILE RUN

**RUN ONE MILE.
DRINK A GATORADE.
YOU'LL PROBABLY WANT
TO RUN ANOTHER MILE.**

Gatorade is no ordinary soft drink.

Gatorade is the only soft drink in the world with isotonicity.

Isotonicity means your body can begin to absorb Gatorade almost as fast as you drink it.

That's much faster than your body can absorb water or any soft drink you can drink.

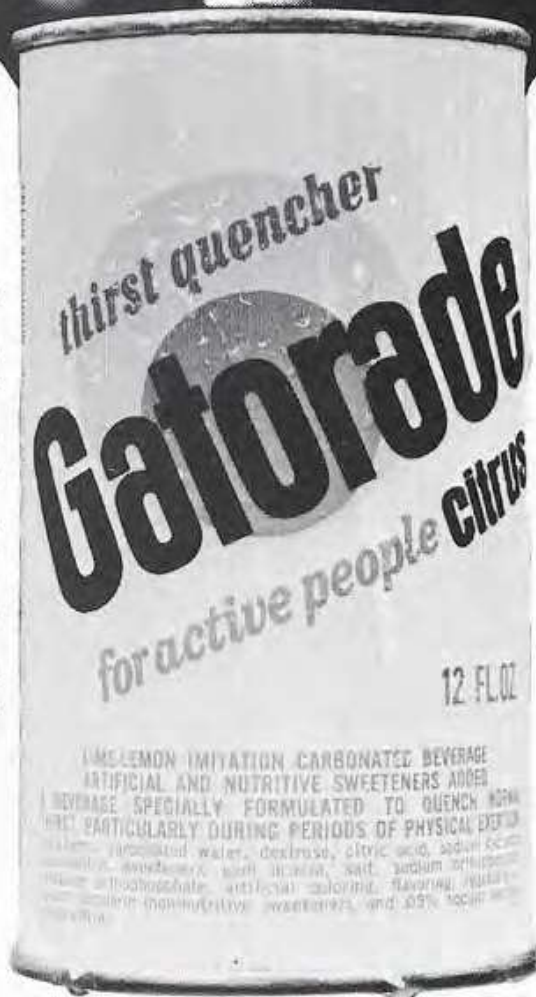

So when you run a mile (or play an inning or dance an hour or work a lot) and get hot and sweaty and thirsty, Gatorade can help get you going again lightning fast.

Carl Yastrzemski drinks it.
Oscar Robertson drinks it.
Gordie Howe drinks it.

Gatorade. There's no other soft drink like it in the world.

This isn't a lot of bull.

This is the truth.
